## FACT SHEET ABOUT CAPITAL GROUP:-

- › *More than 25 years of Customer Relationship.*
- › *3 warehouses – Total area 7500 m<sup>2</sup>*
- › *Corporate office in Al Khammis- Shk.Salman Highway 4500 m<sup>2</sup>*
- › *Other offices: 1000 m<sup>2</sup>*
- › *Over 2 decades as Successful channel partner for renowned electrical OEMS.*
- › *Well Qualified & experienced Sales Team*
- › *Core Strategic Team Experience of over 250 man years*
- › *Amongst the Top 3 vendors to the major contractors in Bahrain*

## *Message*

Capital Electrical Equipment WLL is established in the year 1984. During these 3 decade of service; company is representing many leading international brands and served most of the leading projects in Bahrain. Since the inception it was our vision to introduce only quality products to Bahrain and we always like to up hold this value as our hall mark. We are happy to announce that our partnering with many of the leading suppliers is lasting for decades.

We offer excellent service to the customers at affordable price. Though we have served electro-mechanical and telecommunication segment till today, we are inspired by our loyal customers to diversify to the entire building materials so as to capitalize on the goodwill created till today. We have started a new lighting showroom with elegant products at our own business centre called AM centre at Shk.Salman highway and we are in the verge of converting this business centre to a total Building Material Expo Centre- a must walk-in-place for all the people who believe in quality products.

At our journey of excellence, it's our pleasure to extend our sincere gratitude for all our stake holders who helped us to grow to what we are today.

Best wishes

**Abdulla Madan MBA, MIEEE, MIET**  
Chairman & Managing Director

## *Message*

CAPITAL ELECTRICAL EQUIPMENT WLL, a division of CAPITAL GROUP, is a customer oriented company with a global vision and reach. Since the inception in the year 1984 it is our vision to introduce only quality products to Bahrain and it is always like to uphold this value as a hallmark.

We are happy to announce that our partnering with many of the leading suppliers is lasting for decades and we committed to having a good relationship, transparency and integrity with our valuable clients. Our clients are fully conscious that we have the resources and expertise, most importantly to fulfill the necessity of clients on time.

We clearly recognize that our success has been achieved through the outstanding contribution from every member of our professionals, experienced and motivated team. We are determined to drive the expansion and diversity of our services to provide a truly comprehensive service to our clients.

We have established an integrated Management System to ensure that those highly sought requirements are being met at all levels of our organization. We, Capital Group, take pride in our achievements which we attribute to the dedication of our staff, whose exceptional skills and expertise are the key value of our organization success.

“Our viewpoint is that our client’s success is ours.”

# EAE

## BUSBAR SYSTEMS

EAE Group is one of the largest manufacturers in Turkish electrical industry. EAE was established in 1973 in Istanbul/Turkey. EAE Companies execute the production and marketing activities in five plants with a closed manufacturing area of 82.000m<sup>2</sup> and 1100 skilled labours & engineers in Istanbul. EAE products are approved and sold in 65 countries by his regional distributors. Manufactured items of the group companies are summarized below:

### PRODUCT RANGE:

- › Busbar Energy distribution system-both Power & Lighting [25A – 6300A]
- › Under floor ducting systems
- › Trolley Busbars
- › Cable Tray, Ladder & Trunking Systems
- › Revo High Ceiling Solutions
- › LED lights
- › Lighting Automation
- › Façade Lighting
- › Modular Electrical Cabinets
- › Distribution Boxes
- › LV Enclosures-KEMA certified
- › Sheet Steel Processing Machineries

### CERTIFICATES :

IEC 60439-2

- › ISO 9001 & ISO 14001
- › KEMA - Netherland
- › CESI - Italy
- › GOHST - Russia
- › IPH - Germany

### MAJOR FEATURES OF BUSBAR

- › Designed and manufactured as per IEC 60439-2 standard.
- › Each compact bus bar rating has a separate and latest type test certificate for 12 type tests from KEMA.
- › Segregated Range is available from 25Amp to 630Amp.
- › Compact (sandwiched) Bus bar systems have two model options with pre-galvanized steel and aluminium extruded housing epoxy painted. Ratings are available from 800A up to 6300A.
- › 99.9% purity HDHC electrolytic copper conductors with %100 conductivity are used.
- › Insulation in between conductors has two different types and in more layers. (Epoxy + polyester) or (PP + polyester) with non halogen and self extinguished products.
- › Configuration shall be 4 wire, 4.5 wire and 5 wire for main riser bus bars.
- › Standard protection Degree is IP55 (IP65 & IP67 options are also available)
- › Tap off Boxes shall be suitable for any brand of MCCB and contacts shall be silver-plated copper.
- › EAE busbar systems are used in more than 500 projects in Middle East and running successfully with full load since 10 years and the global references exceeds 1000 Projects.

## Cable Trays Accessories

## Cable Ladders & Accessories

Khereiji Showrooms Co. Ltd. (KSC) Saudi factory was established in 1998 to complement KSC product ranges at competitive prices without compromising the quality. KSC is a leading manufacturer Cable Trays in Middle East market and have supplied the trays to most of major projects in Bahrain.

### PRODUCT RANGE

- › Cable trays
- › Cable ladder
- › Cable trunking
- › Under floor trunking
- › Bracket section
- › U-channel
- › Flush screed trunking
- › Floor distribution accessories plates
- › In cavity trunking

### PRODUCT FEATURES

- › Pre Galvanized (Mill Galvanized ) formerly known as BS 2989
- › Hot Dip Galvanized after fabrication to BSEN 1461:1999
- › Epoxy Coating
- › STAINLESS STEEL
- › PVC Coating (Polyvinyl Chloride)
- › SUFFICIENTLY VENTILATED
- › Available in different flange heights
- › STANDARD LENGTH OF CABLE TRAY IS 2.44 MTRS

### TYPES OF CABLE TRAYS

#### I. Classic

Available in three different flange heights

1. Heavy duty cable tray (50mm height return flange)
2. Medium duty cable tray (35mm height return flange)
3. Straight flange cable tray

#### II. ESTEEM

1. Flange height: 25, 35, 50, 60, 85 & 110mm.
2. Flange type: Inside or Outside (unless otherwise requested by customer )
3. Material: Hot rolled steel sheet to BS 1449.
4. Standard length: 2.44 or 3 Mtr
5. Finishes: A. Pre-galvanised to BS 2989.

Steel Conduits Malleable Iron Fittings & Accessories Flexible Conduit Systems

SMART<sup>®</sup> range of steel conduits, conduit fittings, adaptor boxes, flexible conduits & related accessories are OEM manufactured by PEX International Pte Ltd., a ISO 9001 – 2000 Singapore based company. Conduit manufactured is using Malleable Iron finish Hot-Dipped Galvanized (Class 4) as standard.

### CERTIFICATION / STANDARDS

- › ISO 9001 - 2000
- › IEC / BS / BS EN
- › EDD Approved

### PRODUCT RANGE

- › G.I. Conduits
- › Malleable iron fittings and accessories
- › Knock-out and adaptable boxes
- › Flexible conduit
- › Standard strut channels
- › Threaded rods
- › E.M.T. Conduits & fittings

### Some advantages of using SMART<sup>®</sup> Conduits are:

- › High quality mild steel strips ensures a finish conduit with superior bending and forming properties.
- › Manufactured by cold forming method and super high frequency welding.
- › Smooth exterior and interior ensures easier wire pulling and pushing.
- › Fitted with one Hot-Dipped Galvanized coupler on one end (Class 4 conduits only).
- › Dimensionally accurate and uniform quality in all aspect.
- › Conduits are packed into small manageable bundles and one end capped protected to prevent damages to threading.
- › Export packing bundles are double wrapped and securely bundled for shipment protection and easy handling and lifting.
- › Good range of BS4568 Class 3, Class 4 and BS31 conduits available ex-stock.

 Chairman & Managing Director  
 SUB : Success of EAE in Bahrain  
 DATE : 24 Dec 2012

Dear Sir,

As the year comes to a close, we would like to express our warmest appreciation to Capital Electrical Equipment W.L.L. for some major project references completed with EAE busbar systems in Bahrain. We also appreciate that we have never received any payment issues and never had any after sales problems with EAE busbar products which we have supplied to you.

We hope that you will accelerate our mutual business volume with your support in the upcoming years.

Again, thank you and we wish you all the best in your business.

Sincerely,

Timur AYDIN  
 Export Manager

Dear Engr. Abdulla Madan MBA, MIEEE, MIEIE  
 Capital Group W.L.L, Kingdom of Bahrain.

Sub: Click UK in Bahrain

CLICK UK team based in Tamworth United Kingdom wishes to express our sincere appreciation for the representation of our brand in the Kingdom of Bahrain.

Your professional contributions and team reliability enable CLICK UK to become, in a short term, a well known brand in the territory.

Your operational skills, coverage and knowledge of the construction sector significantly enhanced our business in the Kingdom of Bahrain.

We want to thank you for your collaboration, sales support and look forward to your continued success in the future.

We also wish you all the best on the opening of your attractive new showroom at Shk. Salman Highway demonstrating an excellent range of products in wiring accessories and lighting. We are very pleased to be with you on Arabian MEP Exhibition 2013 and to share your success.

Best regards,

Mr Jerome Leve,  
 Export Sales Manager.
